# Installation et décollage

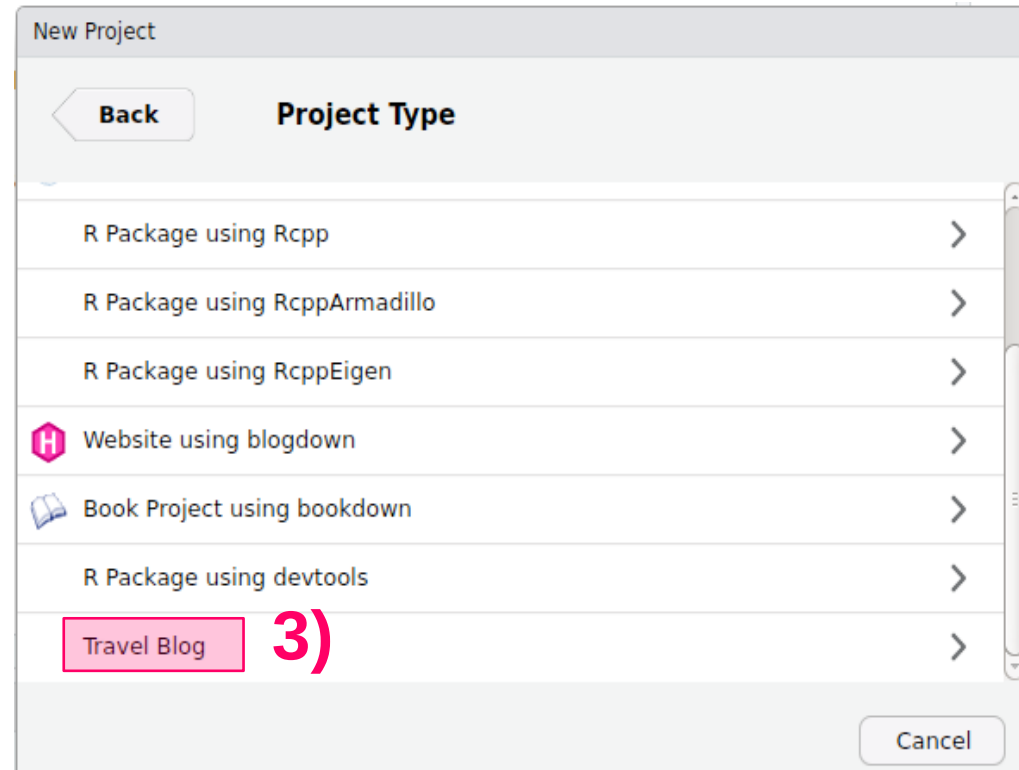

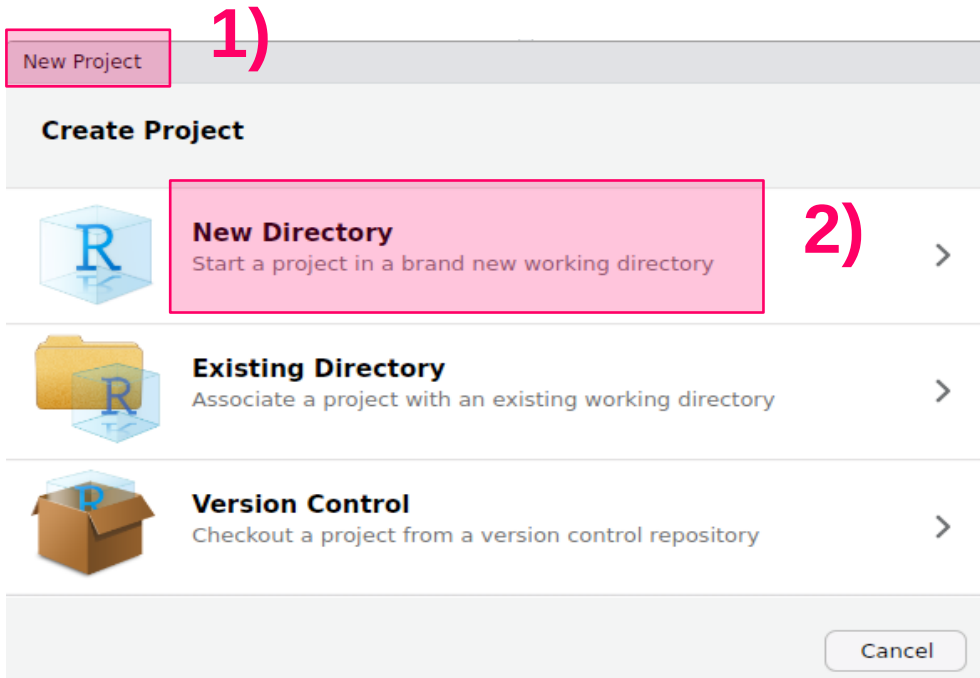

- blogdown
- hugo theme : well-traveled

The screenshot shows the GitHub profile page for Cécile Sauder. At the top, there is a search bar with the text "Search or jump to..." and a "Pull request" button. Below the search bar is a profile picture of a cartoon girl with black pigtails, blue eyes, and a black dress with a white 'R' on it, holding a sword. To the right of the profile picture are two tabs: "Overview" (selected) and "Repositories". Below the tabs is a section titled "Pinned repositories" which contains one repository: "tripdown", described as a "travel blogdown package" and written in "JavaScript". At the bottom right, it says "138 contributions in the".

```
devtools::install_github('cecilesauder/tripdown')  
library(tripdown)
```

# visite du Mont-Saint-Michel

Tuesday, July 3, 2018

 Bretagne  Mont-Saint-Michel

Cumque pertinacius ut legum gnarus accusatorem flagitaret atque sollemnia, doctus id Caesar libertatemque superbiam ratus tamquam obtrectatorem audacem excarnificari praecepit, qui ita evisceratus ut cruciatibus membra deessent, inplorans caelo iustitiam, torvum renidens fundato pectore mansit immobilis nec se incusare nec quemquam alium passus et tandem nec confessus nec confutatus cum abiecto consorte poenali est morte multatus. et ducebatur intrepidus temporum iniquitati insultans, imitatus Zenonem illum veterem Stoicum qui ut mentiretur quaedam laceratus diutius, avulsam sedibus linguam suam cum cruento sputamine in oculos interrogantis Cyprii regis inpegit.
